

Adding practice/review with Acuity

1. Log into Acuity. (Acuity can be accessed at home - <http://benchmark.center.k12.mo.us>)
2. Select Instructional Resources.
3. You will have a choice to assign practice by skill/standard or by student. It might be a good idea to assign initial practice by skill then reassign at a later date to those specific students that will need more practice.

*** Notice under Instructional Resources, you have the option of Previewing/Printing Instruction. Great way for you to preview practice options!

4. Filter through the assignment window indicating your school, class, and skill, then click search.

5. The next window will give you the option of assigning the selected skill to your entire class or you can select individual students.

6. Finally click Assign these Students.

Student	Assign >>>	Students Assigned Instruction
All Students	<input type="checkbox"/>	-- None Selected --
Alexis Hawkins	<input type="checkbox"/>	
Austin Foran	<input type="checkbox"/>	
Cortez Gragg	<input type="checkbox"/>	
Cyree Dunnell	<input type="checkbox"/>	
David Hall	<input type="checkbox"/>	
Erin Walker	<input type="checkbox"/>	
Gavyn Mckinney-Chance	<input type="checkbox"/>	
Glen Releford	<input type="checkbox"/>	

7. Continue adding exercises in the same way until all have been added.

*** Should you select to assign practice by student, you'll follow these exact same steps. The difference is you will assign practice to one student.

Viewing results of assigned practice

1. Log into Acuity.
2. Select Instruction Reports.
3. Filter through the Instruction Reports window indicating your school, class, subject, grade, skill group and instruction. Click Search.
4. The Search Results will show student results for selected skill practice.

Instruction Reports by Skill Group Print Page

Search for Instruction Reports

School: Boone Elementary
 Class: FOURTH GRADE SECT. 2046
 Subject: Language Arts
 Grade: 4th Grade
 Skill Group: Language
 Instruction: Main Idea/Topic/Authors Purpose, Language: Level 4

Search Results

Instruction	Student	Last Score	Date of completion	Number of Attempts
Main Idea/Topic/Authors Purpose, Language: Level 4	[Redacted]	50%	02/09/2007	1

5. Clicking the students overall score will open a window to see specific answers for the practice. Further selecting the correct/incorrect link under answer will show which answer the student actually selected.

*** Notice there is a Print Page icon on any of these pages for printing options.
